

Weyland Energy – Brand Manual 2019

Superseded – kept for reference only

Noah Fischer · 26 August 2024

Superseded by Brand Guidelines v2.0 (September 2024) and v3.0 (January 2026). Do not use the logo or colours below in new material.

Logo

Weyland Energy word-and-figure mark: stylised three-blade rotor in green (#3E8E41) with upper-case wordmark in Futura Bold. Used from 2011 to August 2024.

Colours

Name	HEX
Forest	#3E8E41
Sky	#5DADE2
Granite	#555555

Why it was replaced

- Name change to Weyland Energy with the move to Am Sandtorkai in September 2024
- Green rotor read as onshore wind only – no fit for solar, storage and hydrogen
- Futura was not available on most laptops, documents fell back to random fonts
