

Millbrook Community Update – Issue 1

Introducing Millbrook Solar & Storage

Tom Berger · 24 February 2026

IMAGE PLACEHOLDER

millbrook-cover

Low drone view over gently rolling English arable fields divided by mature hawthorn hedgerows in early summer, a small village with a stone church tower in the distance, soft morning light.

Weyland Energy is developing a solar farm with battery storage on land at Ashcombe Farm and Hollins Farm, north of the village.

We want to hear from you before we fix the design. Come to our first public consultation on **Wednesday 11 March 2026** at Millbrook Village Hall, 14:00–20:00.

Key facts: up to 85 MWp, 20 MW / 40 MWh battery energy storage system (BESS), 142 ha, enough clean electricity for around 26,000 homes.

Contact us

Grace Mitchell, Community Liaison Officer – millbrook@weyland-energy.example – drop-in every first Thursday of the month, 16:00–19:00, Millbrook Village Hall.
