

Millbrook Community Update – Issue 4

Consultation #3 – what has changed

Tom Berger · 01 September 2026

Join us on **Wednesday 16 September 2026** at St Mary's Church Rooms, 14:00–20:00, to see the changes we have proposed since the application was submitted.

The main change: an updated Construction Traffic Management Plan (CTMP Rev 2). No construction lorries will use the village section of Mill Lane, and there will be no deliveries during school drop-off and pick-up.

Battery safety: the fire and rescue service has reviewed our Battery Safety Management Plan. Our engineers will be at the event to answer your questions.

Contact us

Grace Mitchell, Community Liaison Officer – millbrook@weyland-energy.example – drop-in every first Thursday of the month, 16:00–19:00, Millbrook Village Hall.
