

NordGrid Transmission – Offer to Connect

Reference: NGT-OFF-2025-1187 · Date: 29 September 2025 · Applicant: Weyland Energy GmbH

Further to your application of 2 June 2025, we are pleased to offer terms for the connection of Millbrook Solar & Storage to the transmission system. This offer is open for acceptance for 90 days.

Point of connection	Millbrook 132 kV substation, new 132 kV feeder bay
Export capacity	70 MW
Import capacity	20 MW
Connection date	31 October 2028
Non-contestable works	EUR 2.35 m
Wider reinforcement	Supergrid transformer 2 at Millbrook (NordGrid, by 30 June 2028)
Interim arrangement	Non-firm access until reinforcement is complete
Security	EUR 0.6 m on acceptance, EUR 1.4 m from planning consent

Yours faithfully, Customer Connections, NordGrid Transmission
