

We're hiring: HV Commissioning Engineer

Edinburgh

Julia Hoffmann · 18 August 2026

Weyland Energy develops, builds and operates wind, solar and storage assets across Northern Europe – 1.1 GW in operation, 4.2 GW in the pipeline and 450 people in Hamburg, Edinburgh and Copenhagen. We are looking for a **HV Commissioning Engineer** in Edinburgh.

Your mission

- Lead the commissioning of the 220 kV export system and the 66 kV array for Harrow Bay Offshore Wind.
- Review contractor test procedures (Severn Subsea Cables, Norfab Offshore Structures) and witness FATs and SATs.
- Act as Senior Authorised Person for switching on the onshore substation Harrow Bay East.

You bring

- Degree in electrical engineering; 5+ years commissioning HV substations (132 kV+).
- SAP/AP qualification under a recognised safety rules scheme.
- Experience with offshore wind is a strong plus; GWO and BOSIET required before first offshore trip.

Why Weyland

- Real impact: Harrow Bay alone will power ~ 520,000 homes.
- Safety first – our HSE Golden Rules apply to everyone, every day.
- Flexible working, learning budget, pension and a team that helps each other.

Apply by 2026-09-29 at careers.veyland-energy.example (ref. REQ-2026-042). Questions? Nina Petrova, Recruiter, careers@veyland-energy.example.
