

We're hiring: Wind Turbine Technician

Kestrel Ridge, Scottish Borders

Julia Hoffmann · 08 September 2026

Weyland Energy develops, builds and operates wind, solar and storage assets across Northern Europe – 1.1 GW in operation, 4.2 GW in the pipeline and 450 people in Hamburg, Edinburgh and Copenhagen. We are looking for a **Wind Turbine Technician** in Kestrel Ridge, Scottish Borders.

Your mission

- Carry out scheduled and corrective maintenance on 18 × 4.2 MW onshore turbines together with our O&M contractor Highline Wind Services.
- Troubleshoot electrical, hydraulic and mechanical faults; support major component exchanges (e.g. the 2026 T-07 gearbox exchange).
- Perform inspections, torque and tension checks and document all work in the CMMS.

You bring

- Completed apprenticeship as electrician, mechatronics or similar; 2+ years in wind or heavy industry.
- GWO Basic Safety Training (or willingness to obtain it in the first 4 weeks).
- Full UK driving licence; living within 60 minutes of the site.
- Good English; head for heights and a calm attitude in bad weather.

Why Weyland

- Real impact: Harrow Bay alone will power ~ 520,000 homes.
- Safety first – our HSE Golden Rules apply to everyone, every day.
- Flexible working, learning budget, pension and a team that helps each other.

Apply by 2026-10-20 at careers.veyland-energy.example (ref. REQ-2026-043). Questions? Nina Petrova, Recruiter, careers@veyland-energy.example.
