

ESG Rating Result 2026

Benchmark report – reporting year 2025

Noah Fischer · 30 September 2026

Weyland Energy achieved an overall score of **88 / 100** (2025: 84) and a 4-star rating. The peer group comprises 41 renewable power developers and operators in Europe (peer average: 79).

Component	Score	Peer average
Management	28 / 30	25
Performance	43 / 50	38
Development (Harrow Bay)	17 / 20	16

Strengths

- Biodiversity monitoring and community engagement
- Health & safety performance
- Board-level oversight of climate risk

Improvement areas

- Scope 3 reduction targets not yet set (SBTi commitment recommended)
- Supplier human-rights due diligence beyond tier 1
- Circularity of turbine blades
