

Highways Authority

To: Sarah Hollis, Senior Planning Officer, Millbrook District Council · Date: 2026-07-21

Application MDC/2026/0412 – Land north of Millbrook (Ashcombe Farm and Hollins Farm): solar farm of up to 85 MWp with battery storage

Response: Holding objection

The Highway Authority has reviewed the Transport Statement and outline Construction Traffic Management Plan.

Mill Lane is a single-track road with limited passing places between the B4127 junction and Millbrook village. The authority welcomes the proposed temporary haul road from the B4127, but the application does not yet show the junction design or a swept-path analysis for 16.5 m articulated vehicles.

Until this information is provided, the authority issues a **holding objection**. We would expect a condition requiring a detailed CTMP including delivery hours (no HGVs 08:15–09:15 and 14:45–15:45 during school term), a condition survey of Mill Lane before and after construction, and wheel washing at the site exit.

Yours sincerely,

Highways Authority – Planning Liaison
