**Application MDC/2026/0412 – Land north of Millbrook (Ashcombe Farm and Hollins Farm):
solar farm of up to 85 MWp with battery storage**

Response: No objection

We have no objection to the proposal as submitted. All built development lies within Flood Zone 1 and an undeveloped buffer is retained along Mill Brook. We recommend the fire water containment for the BESS compound is secured by condition.

Yours sincerely,

Environment Agency – Planning Liaison
