

Preferred bidder – Millbrook Solar & Storage EPC

Liam McAllister · 08 September 2026

SunForge EPC Ltd, attn. Mr Owen Pritchard, Commercial Director – 8 September 2026

Dear Mr Pritchard,

Thank you for your tender of 10 July 2026 and your clarification responses. We are pleased to inform you that SunForge EPC Ltd has been selected as **preferred bidder** for the solar PV balance-of-plant EPC works for Millbrook Solar & Storage, on the basis of your lump-sum price of EUR 49.6 m.

This letter is not a contract and does not commit Weyland Energy to award one. Contract award depends on planning consent for application MDC/2026/0412, an agreed EPC contract and Weyland's investment decision. We propose to start contract negotiations in October 2026 and ask you to hold your price validity to 30 June 2027 as offered.

Yours sincerely,

Liam McAllister, Project Manager · Laura Kessler, Procurement Manager
