

Welcome to Weyland

Your guide for the first weeks

Julia Hoffmann · 20 August 2026 · HR-ONB-001

Welcome Day in Hamburg

Welcome aboard! You have joined a team of 450 people who develop, build and operate wind, solar and storage assets across Northern Europe. Whether you will be reviewing turbine contracts in Hamburg, coordinating vessels for Harrow Bay from Edinburgh or designing substations in Copenhagen – this guide helps you find your feet.

1. Who we are

Mission	We develop, build and operate wind, solar and storage assets that deliver affordable clean power to communities across Northern Europe.
Tagline	Clean power, built to last.
Founded	2011 in Hamburg
Offices	Hamburg (HQ), Edinburgh, Copenhagen
Operating	1.1 GW, including Kestrel Ridge Wind Farm (75.6 MW)
Building	Harrow Bay Offshore Wind – 480 MW, first power planned September 2027
Developing	4.2 GW pipeline incl. Millbrook Solar & Storage, Fenwick Battery Storage, Green Hydrogen Pilot

2. Your first day

- Arrive at 09:00 at reception – your manager or buddy will pick you up.
- IT handover: laptop, phone, MFA setup with the IT Service Desk (bring your phone).

- Welcome session with HR at 10:30: contracts, payroll, benefits, questions.
- Lunch with your team – on us.
- Afternoon: meet your buddy, set up your calendar, explore the Company Handbook space.

3. Your first weeks

When	What
Week 1	Mandatory e-learning: information security, data protection, anti-bribery, HSE Golden Rules
Week 2	1:1 introductions with key people – your manager will share a list
Within 6 weeks	Welcome Day with the Executive Board (monthly, alternating Hamburg / Edinburgh)
Within 3 months	Site visit: Kestrel Ridge Wind Farm or Port of Eastholm (Harrow Bay)
Month 3	Probation check-in with your manager and HR

4. How we work

Safety first. Our HSE Golden Rules apply to everyone, also in the office. Everyone has Stop Work Authority. **Own it.** We take responsibility and say early when something goes wrong – like the export cable delay on Harrow Bay that the team flagged on the same day. **Better together.** Three offices, one team: we share files in spaces, not in email attachments. **Built to last.** Our assets run for 30 years – our relationships should too.

5. Tools you will use

Tool	For
Spaces (file sync & share)	All documents – team spaces, project spaces, the Company Handbook
Email, calendar, chat	Day-to-day communication
HR self-service	Holidays, payslips, personal data, time recording (DE)
Expense tool	Travel and expense claims
IT Service Desk	ext. 444 · servicedesk@weyland-energy.example

6. Learning

Every employee has a learning budget (EUR 1,500 / GBP 1,300 / DKK 11,000). Join the Lunch & Learn every second Thursday – start with *Floating Offshore Wind 101*, *How a PPA works* and *Battery storage basics* in the library.

Questions? Your buddy is the first stop. For anything HR: Julia Hoffmann (Hamburg), people@weyland-energy.example.
