

Supplier Audit Report – Rhenus Steelworks

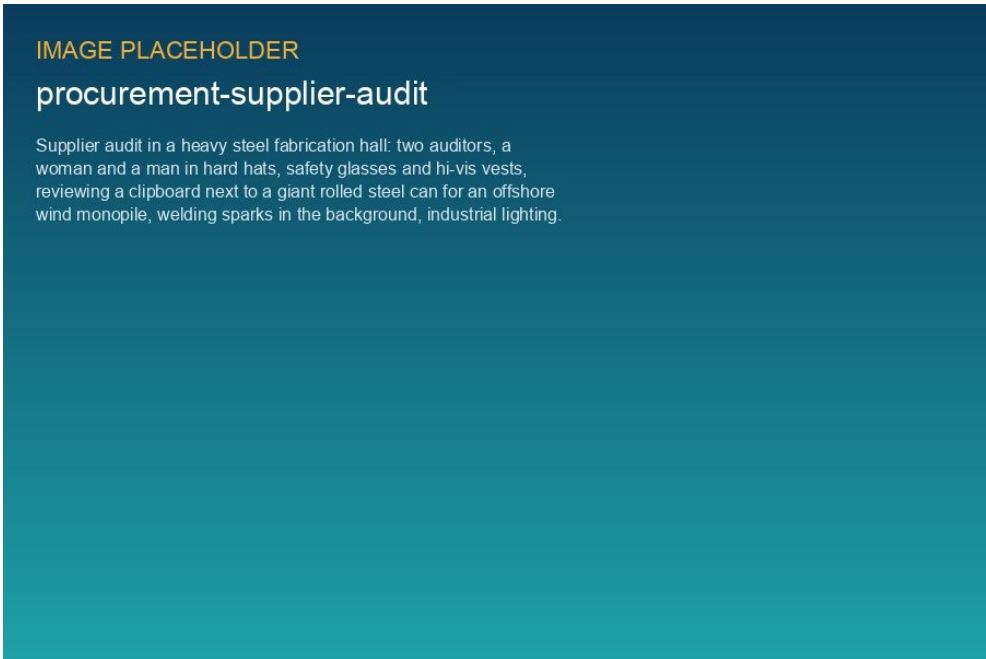

Duisburg yard · 18 March 2026

Elena Márquez · 09 April 2026 · WE-PRC-AUD-2026-03

Field	Details
Supplier	Rhenus Steelworks Foundations GmbH, Duisburg
Contract	WE-CON-2025-027 (40 monopiles and transition pieces)
Date	18 March 2026
Auditors	Laura Kessler (lead), Oliver Grant, resident inspector
Result	Satisfactory – 2 minor findings

1. Scope

Process audit of rolling, welding, NDT and coating for batches 2 and 3 of the Harrow Bay monopiles, plus a review of the quality management system against ISO 9001 and EN ISO 3834-2.

Can rolling line 2 – monopile shell for HB-A11

2. Findings

#	Finding	Class	Due
1	Two welders' qualification records for SAW process WPS-118 expired by 6 days; no welds made after expiry	Minor	31 Mar 2026
2	Coating thickness measurements on TP batch 2 recorded on paper	Minor	15 Apr 2026

	only; not uploaded to data book		
O1	Good practice: digital weld map with traceability to heat number	Observation	–

3. Conclusion

Rhenus has a mature quality system and the fabrication is on schedule. Both findings were closed on 9 April 2026. Next audit: batch 5 in October 2026.
